# MESSENGER CLASSIC Details & Sizes

The following features are standard across the full range of bagjack messenger bags: our tried and tested **3-Point-Strap-System**, an **inner bag** made of hard-wearing **tarpaulin** with a **removable zipped inner pocket**, **corner reinforcement**, **bicycle light attachment points** and an **external zipped pocket**.

The bags are waterproof, thanks to the materials we use and our method of construction, and are of course compatible with all your favourite accessories and gadgets, what we call the bagjack modular building block principle. The Messenger is the choice of the hard-working professional, and can be individually outfitted to fulfil any equipment demands.

# MESSENGER CLASSIC Styles

Individualize your messenger. To customize the bags we offer the opportunity to beautify the desired model with these style variations. Choose from our range of colors and a variety of materials.

## FLAT

Approx. 14 cm wide horizontal strip across the bag cover.

## ZIP

Approx. 14 cm wide vertical stripe on the lid. The style stops on the back just above the carrier buckles.

## SAM

Approx. 14 cm wide vertical strip, which runs around the entire bag body. Tarpaulin and delicate fabrics are not recommended.

## METAMORPHOSE

Organic curved shapes applied to lid and body possible. Shape variable. Materials must be enclosed.

## A-POCKET

The top pocket is colored differently.

## GROUND

The base is in a different color and visible on the front and rear sides each about 5 cm.

## TOP

The lid is in a different color. The style stops on the back just above the carrier buckles.

## APPLIKATION

Applications, mostly from tarpaulin on the bag body. Prefabricated there are stars in various sizes.
